Customer	<input type="text" value="Community Bank"/>
Code	<input type="text" value="bank123"/>
Open	<input checked="" type="checkbox"/> http://demo2.rocketquotes.com/portal/bank123

Expanded communication controls in Portals

You now have all the same email and correspondence controls in each Portal as you do in the Main Store.

The new controls are:
Out-going email for Admin area
Customer Reply for new orders
Customer Sign-up Alert
Order Processed Message
